SUBJECT INDEX

ABDOMEN, SURGICAL DRAINS. The use of drains in abdominal surgery, 51
ARTERIES, SURGERY. Fatal myocardial infarction following peripheral vascular operations, 1

BETA-ENDORPHINS. Beta-endorphin levels in infant apnea syndrome: a preliminary communication, 87

CENTRAL NERVOUS SYSTEM. Vacuolation and chromatolysis of lower motoneurons in tetanus, 255
CLEVELAND CLINIC QUARTERLY. The *Cleveland Clinic Quarterly*: the first fifty years, 149
COLITIS, ULCERATIVE. Comparison of the clinical features of Crohn's disease and ulcerative colitis with onset in childhood or adolescence, 13
CORONARY VESSELS, FISTULAE. Coronary artery fistulae: a 10-year review, 191
CORONARY VESSELS, RADIONUCLIDE STUDIES. Clinical usefulness of thallium-201 scintigraphy in the study of coronary artery disease: a comparison of two exercise systems, 73
CROHN'S DISEASE. Comparison of the clinical features of Crohn's disease and ulcerative colitis with onset in childhood or adolescence, 13
CUSHING'S DISEASE. Therapeutic problems with transsphenoidal pituitary surgery for Cushing's disease, 199

DIAPHRAGM, PARALYSIS. Parsonage-Turner syndrome: an unusual cause of hemidiaphragmatic paralysis, 145
DIETHYLSTILBESTROL. Prolactin-secreting pituitary adenoma: occurrence following prenatal exposure to diethylstilbestrol, 249
DIGITAL SUBTRACTION ANGIOGRAPHY (DSA). Digital subtraction angiography in congenital heart disease in pediatric patients, 159

EDITORIALS. Assessing benefit-risk ratios: pertussis vaccine as a case in point, 235
Inception of the radiology feature, 269
Tribute to an editor and a managing editor, 59
EHLERS-DANLOS SYNDROME. Ehlers-Danlos syndrome, type II (mitis), 265
ENDORPHINS. Beta-endorphin levels in infant apnea syndrome: a preliminary communication, 87
ERRATUM. 106

GASTROINTESTINAL TRACT, HEMORRHAGING. Upper gastrointestinal bleeding: a review, 97
GLOBULINS, ANTILYMPHOBLAST. Antilymphoblast globulin for treatment of acute renal allograft rejection, 219

HEART, ABNORMALITIES. Digital subtraction angiography in congenital heart disease in pediatric patients, 159
Persistent pulmonary hypertension complicating diagnosis and treatment of total anomalous pulmonary venous return in the neonate, 173
HYDROFLUMETHIAZIDE. Duration of effect of single and daily doses of reserpine and hydroflumethiazide evaluated by noninvasive technology in hypertensive patients, 209
HYPERLIPIDEMIA. Pediatric hyperlipidemia: the Cleveland Clinic experience 1979–1981, 127
HYPERSENSITIVITY VASCULITIS GROUP. Hypersensitivity vasculitis group (HVG); a case-oriented review of a continuing clinical spectrum, 17
HYPERTENSION. Duration of effect of single daily doses of reserpine and hydroflumethiazide evaluated by noninvasive technology in hypertensive patients, 209
Persistent pulmonary hypertension complicating diagnosis and treatment of total anomalous pulmonary venous return in the neonate, 173

IMMUNITY. Hypersensitivity vasculitis group (HVG); a case-oriented review of a continuing clinical spectrum, 17
IMMUNOFLUORESCENT TESTING. Pemphigus-like antibodies in a patient with cicatricial pemphigoid, 137
IMPOTENCE. Ejaculatory incompetence following penile prosthesis implantation in men with primary psychogenic impotence, 93
INFANT APNEA SYNDROME (IAS). Beta-en-

dorphin levels in infant apnea syndrome: a preliminary communication, 87

INFANTS, NEWBORN, CARDIOVASCULAR SYSTEM. Persistent pulmonary hypertension complicating diagnosis and treatment of total anomalous pulmonary venous return in the neonate, 173

INFECTIONS, OPPORTUNISTIC. Opportunistic infections in patients with ectopic ACTH-secreting tumors, 43

KIDNEYS, TRANSPLANTATION. Antilymphoblast globulin for treatment of acute renal allograft rejection, 219

Optimization of living-related renal transplantation success through HLA genotyping, MLC stimulation cutoffs, and donor-specific blood transfusions, 79

KLIPPEL-TRENAUNAY-WEBER SYNDROME. Klippel-Trenaunay-Weber syndrome with visceral involvement and portal hypertension, 239

MANNITOL. Mannitol crosses the blood-brain barrier in Reye's syndrome, 119

MITRAL VALVE, PROLAPSE. Mitral valve prolapse in children and adolescents, 181

MYOCARDIUM, INFARCTION. Fatal myocardial infarction following peripheral vascular operations, 1

MYOCARDIUM, PHASE IMAGING. Phase imaging: a new, noninvasive method for diagnosis, localization of accessory pathways, and serial assessment of therapy in patients with Wolff-Parkinson-White syndrome; a preliminary report, 61

NEOPLASMS, ACTH-SECRETING. Opportunistic infections in patients with ectopic ACTH-secreting tumors, 43

PARATHYROID, ADENOMA. Radiologic detection of parathyroid adenoma, 270

PARSONAGE-TURNER SYNDROME. Parsonage-Turner syndrome: an unusual cause of hemidiaphragmatic paralysis, 145

PEMPHIGOID. Pemphigus-like antibodies in a patient with cicatricial pemphigoid, 137

PERTUSSIS VACCINE. Assessing benefit-risk ratios: pertussis vaccine as a case in point, 235

PITUITARY, NEOPLASMS. Prolactin-secreting pituitary adenoma: occurrence following prenatal exposure to diethylstilbestrol, 249

PITUITARY, SURGERY. Therapeutic problems with transsphenoidal pituitary surgery for Cushing's disease, 199

PROSTHESES, PENILE. Ejaculatory incompetence following penile prosthesis implantation in men with primary psychogenic impotence, 93

RESERPINE. Duration of effect of single daily doses of reserpine and hydroflumethiazide evaluated by noninvasive technology in hypertensive patients, 209

REYE'S SYNDROME. Mannitol crosses the blood-brain barrier in Reye's syndrome, 119

SKIN, DISEASES. Ehlers-Danlos syndrome, type II (mitis), 265

Hypersensitivity vasculitis group (HVG); a case-oriented review of a continuing clinical spectrum, 17

Klippel-Trenaunay-Weber syndrome with visceral involvement and portal hypertension, 239

Pemphigus-like antibodies in a patient with cicatricial pemphigoid, 137

SPORTS MEDICINE. A prospective study of preparticipation sports examinations of 2670 young athletes; method and results, 225

TACHYCARDIA, VENTRICULAR. Electrophysiologically guided surgical treatment of recurrent sustained ventricular tachycardia: variables influencing the decision to intervene, 107

TETANUS. Vacuolation and chromatolysis of lower motoneurons in tetanus, 255

WOLFF-PARKINSON-WHITE SYNDROME. Phase imaging; a new, noninvasive method for diagnosis, localization of accessory pathways, and serial assessment of therapy in patients with Wolff-Parkinson-White syndrome; a preliminary report, 61

CLEVELAND CLINIC
Quarterly
VOLUME 49, 1982

Cleveland, Ohio

CONTENTS OF VOLUME 49

No. 1, Spring 1982

Fatal myocardial infarction following peripheral vascular operations; a study of 951 patients followed 6 to 11 years postoperatively
Norman R. Hertzer, M.D. 1

Comparison of the clinical features of Crohn's disease and ulcerative colitis with onset in childhood or adolescence
William M. Michener, M.D., Gregory Whelan, M.D., Richard L. Greenstreet, PhD., and Richard G. Farmer, M.D. 13

Hypersensitivity vasculitis group (HVG); a case-oriented review of a continuing clinical spectrum
Leonard H. Calabrese, D.O., and John D. Clough, M.D. 17

Opportunistic infections in patients with ectopic ACTH-secreting tumors
Thomas L. Higgins, M.D., Leonard H. Calabrese, D.O., and Leslie R. Sheeler, M.D. 43

The use of drains in abdominal surgery
Roland S. Philip, M.D. 51

No. 2, Summer 1982

Editorial: Tribute to an editor and a managing editor 59

Phase imaging: a new, noninvasive method for diagnosis, localization of accessory pathways, and serial assessment of therapy in patients with Wolff-Parkinson-White syndrome; a preliminary report
John Yiannikas, M.D., Robert J. Eastway, D.O., William J. MacIntyre, Ph.D., James D. Maloney, M.D., Raymundo T. Go, M.D., Sebastian A. Cook, M.D., Bruno Sufka, B.S., and Lon W. Castle, M.D. 61

Clinical usefulness of thallium-201 scintigraphy in the study of coronary artery disease: a comparison of two exercise systems
Donald A. Underwood, M.D., Gustavo Rincon, M.D., John Yiannikas, M.D., Sebastian A. Cook, M.D., William J. MacIntyre, Ph.D., and Raymundo T. Go, M.D. 73

Optimization of living-related renal transplantation success through HLA genotyping, MLC stimulation cutoffs, and donor-specific blood transfusions
William E. Braun, M.D., Andrew C. Novick, M.D., Donald R. Steinmuller, M.D., Sheela Jayavant, M.S., John Mogor, A.B., Timothy Williams, B.S., Cora Dejelo, B.S., Nancy Murphy, B.A., Andrea Zachary, M.S., Debbie Protiva, B.S., and Carol Buszta, R.N. 79

Beta-endorphin levels in infant apnea syndrome: a preliminary communication
James P. Orlowski, M.D., Derrick Lonsdale, M.B., B.S., and Charles W. Denko, Ph.D., M.D. 87

Ejaculatory incompetence following penile prosthesis implantation in men with primary psychogenic impotence
Lawrence M. Martin, M.D., and Drogo K. Montague, M.D. 93

Upper gastrointestinal bleeding; a review
Thomas A. Broughan, M.D., and David P. Vogt, M.D. 97
Erratum 106

No. 3, Fall, 1982

Electrophysiologically guided surgical treatment of recurrent sustained ventricular tachycardia: variables influencing the decision to intervene
Robert J. Eastway, D.O., James D. Maloney, M.D., John Yiannikas, M.D., and Leonard A.R. Golding, M.D. 107
Mannitol crosses the blood-brain barrier in Reye's syndrome
James P. Orlowski, M.D. 119
Pediatric hyperlipidemia: the Cleveland Clinic experience 1979–1981
Douglas S. Moodie, M.D., Robert J. Cunningham, M.D., Herbert K. Naito, Ph.D., Thelma Willis, R.D., and Connie Mihalek, R.N. 127
Case Reports
Pemphigus-like antibodies in a patient with cicatricial pemphigoid
Maryann Fitzmaurice, Ph.D., Rafael Valenzuela, M.D., James S. Taylor, M.D., Laurence K. Groves, M.D., and Sharad D. Deodhar, M.D., Ph.D. 137
Parsonage-Turner syndrome: an unusual cause of hemidiaphragm paralysis
Patrick J. Sweeney, M.D., Asa J. Wilbourn, M.D., Muzaffar Ahmad, M.D., and John P. Conomy, M.D. 145

No. 4, Winter 1982: Fiftieth Anniversary Issue

Historical Feature
The *Cleveland Clinic Quarterly*: the first fifty years
James S. Taylor, M.D. 149
Original Contributions
Digital subtraction angiography in congenital heart disease in pediatric patients
Douglas S. Moodie, M.D., Edward Buonocore, M.D., John Yiannikas, M.D., Carl C. Gill, M.D., and William A. Pavlicek, M.S. 159
Persistent pulmonary hypertension complicating diagnosis and treatment of total anomalous pulmonary venous return in the neonate
Derek Fyfe, M.D., Douglas S. Moodie, M.D., and Carl C. Gill, M.D. 173
Mitral valve prolapse in children and adolescents
Douglas S. Moodie, M.D. 181
Coronary artery fistulae: a 10-year review
Robert E. Hobbs, M.D., H. David Millit, M.D., Prakash V. Raghavan, M.D., Douglas S. Moodie, M.D., and William C. Sheldon, M.D. 191
Therapeutic problems with transsphenoidal pituitary surgery for Cushing's disease
Patrick M. Nolan, D.O., Leslie R. Sheeler, M.D., Joseph F. Hahn, M.D., and Russell W. Hardy, Jr., M.D. 199
Duration of effect of single daily doses of reserpine and hydroflumethiazide evaluated by noninvasive technology in hypertensive patients
Ray W. Gifford, Jr., M.D., George W. Williams, Ph.D., Donald G. Vidt, M.D., Kennith Bolen, M.S., and Christine Acker, R.N. 209

Antilymphoblast globulin for treatment of acute renal allograft rejection
Steven B. Streem, M.D., Andrew C. Novick, M.D., William B. Braun, M.D., and Donald R. Steinmuller, M.D. 219

A Prospective study of preparticipation sports examinations of 2670 young athletes: method and results
Thomas R. Thompson, M.D., Jack T. Andrish, M.D., and John A. Bergfeld, M.D. 225

Editorial

Assessing benefit-risk ratios: pertussis vaccine as a case in point
Edward A. Mortimer, Jr., M.D. 235

Case Reports

Klippel-Trenaunay-Weber syndrome with visceral involvement and portal hypertension
Sharon Grundfest-Broniatowski, M.D., William D. Carey, M.D., Michael V. Sivak, Jr., M.D., and Bruce Feldman, M.D. 239

Prolactin-secreting pituitary adenoma: occurrence following prenatal exposure to diethylstilbestrol
James R. Cunningham, M.D., Gita P. Gidwani, M.D., Manjula S. Gupta, Ph.D., Paul M. Duchesneau, M.D., and O. Peter Schumacher, M.D., Ph.D. 249

Vacuolation of chromatolysis of lower motoneurons in tetanus; a case report and review of the literature
Samuel M. Chou, M.D., Ph.D., and William N. Payne, M.D. 255

Dermatology Feature

Ehlers-Danlos syndrome, type II (mitis)
Omar S. Salem, M.D., and Kenneth J. Tomecki, M.D. 265

Radiology Feature

Inception of the radiology feature
Edward Buonocore, M.D. 269

Radiologic detection of parathyroid adenoma
Edward Buonocore, M.D., William Chilcote, M.D., and Caldwell B. Esselstyn, Jr., M.D. 270

Index Issue
